Important notes:

- As there have been cases of taxi companies overcharging exhibitors and visitors in the past, we strongly advise you to always ask for a price before you use any other provider, to avoid them overcharging you.
- The above prices should also be used as an indicative pricelist for the routes listed. In case you approach a different provider, other than the Posidonia 2018 Official Travel Agent, and are asked for rates much higher than that, we advise you not to use the specific taxi.
- Posidonia Exhibition SA has been in touch with the authorities, the unions of taxi owners and various taxi companies, in order to prevent overcharging of exhibitors and visitors, but unfortunately we cannot guarantee that all taxi providers and independent taxi drivers will not try to overcharge Posidonia participants.
